**Deposit and Payment Schedule:** **NOTE-** Payments for airfare and insurance **must** be by **PERSONAL CHECK ONLY** payable to.....  
*Van Zile Travel Service.....as follows:*

March 20, 2010.....\$300.00 (refunded if tour is cancelled)

April 20, 2010.....Balance of airfare **plus** full payment for insurance

Airfares quoted in the yellow flyer are close approximations based on today's information from Continental Airlines. Total taxes and other surcharges may vary with time by \$20.00 or \$30.00 or possibly more. Certainly Van Zile Travel Service has no control over the airlines and even the airlines are not in control of taxes especially those imposed by Germany.

*Early final payment due April 20th guarantees the air fare as priced on April 20<sup>th</sup> because you will be issued a ticket. Once ticketed you are protected from taxes and surcharges but you are also locked in—therefore purchase of insurance on this date protects you if you must cancel later for any legitimate reason! After tickets are issued they are non-refundable with penalties for any changes or cancellation (NO name changes are allowed).*

**If the tour is cancelled in mid March because of low enrollment your \$300.00 deposit check will be destroyed.**

### **TRIP INSURANCE:**
